Breeding the DIY ethics of garage and punk rock, Dublin-based 3 piece Bucket have endowed a **reputation for their sweaty live shows**, their **first show saw them sell out The Workman's Club**.

Soon playing an array of **wall-to-wall DIY shows across Ireland**, Bucket have also played supported **Heavy Lungs, Press Club, Teen Mortgage** as well as **headlined Paris' Super Sonic Club** as part of their **'BROKE BUDGIES WORLD TOUR'**.

"The sense of restraint in the music of My Bloody Valentine and Gilla Band that makes them so compelling, like they're holding back a wave of sound; **Bucket makes you feel like you're watching the dam burst two feet in front of you.**"

Ethan Golding, The Goo

Watch: **Crack Alley** (Live at Black Mountain Studios)
