## *Psychedelic Rock infused with Hindustani Classical*

Management: Snow Duevski (ADD EMAIL) // Booking Agent: Polly Miles (ADD EMAIL)

Hailing from cosmopolitan London, the music of Karma Sheen merges Hindustani classical, fuzzy 60s rock a la Jimi Hendrix, and Sufi inspired lyricism, deeply rooted in cultural heritage.

Spearheaded by Sameer Khan, who is formally trained by a **600-year-old lineage** of musicians from modern-day Pakistan, Karma Sheen brings **timeless traditions to new realms**, captivating audiences along the way.

Through embracing the Hindustani format while drinking from **retro aesthetics** and re-signifying it all with the **avant-gardism of neo-psychedelia**, they create something both **recognisable and new**. It is **guaranteed you will not find another band who sound like Karma Sheen**.

Their **debut** self titled **album** was released in 2023, followed by a **national UK tour** bookended by a triumphant **headline home-coming sold out show** in London's **Two Palms, Hackney**.

Known for their **energetic, transcendent** and **captivating** live shows, fuelled by a plethora of **electrified folk instruments**, the band capture the **hearts and imaginations** to all they perform for.

Previous **support** slots for the band include **Yin Yin, Say She She, W.I.T.C.H., Os Mutantes, Dur Dur Band, Sarathy Korwar, Marcos Valle, Derya Yildirim** and more, with headline sold out shows at prestigious London venues **The Lexington, Two Palms Hackney** and **Rich Mix**.

The band have also ventured **overseas**, with performances at **Pro Weekend Festival, Valencia**, and shows in **Amsterdam & Brussels**.

Previous **festival** performances include **Blue Dot Festival, Shambala & Boomtown, The Great Escape, Brighton Psych Festival** and more.

Karma Sheen are currently writing music for their next record, with upcoming festival appearances at **Wilderness Festival, Camp Bestival, Manchester Psych Festival** and more.

Radio and press support has come from the likes of **BBC 6Music & NTS Radio**, and **Wipeout Magazine** championed by the likes of **Nabihah Iqbal**, with cultural collaborations with **Domination Magazine** and **The Cockney Sikh**.
